

# HOW TO GET TO THE NATURAL PARK?

GENERALITAT  
VALENCIANA

parc natural  
de l'albufera

## BY CAR

Best way to arrive to the natural park and to the information center is taking CV-500 road from Valencia. You will arrive near the village of El Saler and the forest of La Devesa.

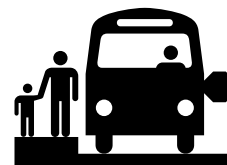

After passing the Pujol channel (pier of "gola" of Pujol), at about 11 kms from Valencia, in the CV-500, you must follow the signals to "El Palmar" and "Interpretation Center of Racó de l'Olla".

## BY BUS

If you want to come by public transport, best is to take **bus number 25** which departs from "Plaza Puerta del Mar". There are two lines; one which goes to El Perelló and the other to "El Palmar". Its frequency is from 20 to 45 minutes. To go to the Interpretation Center you can take anyone and go down in the 8th stop.

Be aware that the bus to "El Palmar" is less frequent in case you want to visit this village afterwards. El Palmar is located 3,5 kms from Interpretation Center and there's no path to get there. Just the main road.

## CYCLING

To go cycling you can take the byke line that begins in C/Eduardo Primo Yúfera in front of Assut de l'Or pont, in Valencia. The bike line allows you to reach "El Saler", to the beaches and to the north of the Devesa forest, but you can continue along the Devesa paths or along the CV-500 road (without bike lane) to reach the Pujol channel, the "Interpretation Center", or the small village of El Palmar.

**keep in mind that the Interpretation Center opens from 9 a.m.  
to 2 p.m. from Mondays to Sundays.**
